 - iii) Cash prescriptions as a percent of total prescriptions. A prescriber will be flagged as an outlier if cash prescriptions are greater than 25%* of the total prescriptions (Attachment D).
 - iv) Large concentration of particular strength prescriptions. A prescriber will be flagged as an outlier if more than 75%* of prescriptions are for either the 40mg or 80mg strength of OxyContin (Attachment E).
 - v) Six months history of other Class II and Class III Opioid prescribing activity for outliers as defined by the criteria listed in statements ii, iii, and iv above. (Attachment F).
- 3) Sales Administration will generate the report described above and forward to the General Counsel's office (Howard Udell, Robin Abrams, and LaDonna Steiner) on a monthly basis.
 - 4) Those prescribers identified in Procedure section 2 may warrant further inquiry directed by the General Counsel's office.
 - 5) The General Counsel's office will make a determination as to what, if any, further actions will be taken.
 - 6) If necessary, the General Counsel's office will notify the representative regarding any future action by email, with a copy to the District Manager and Regional Manager.

Sales Administration will be notified if the representative discontinues calling on the healthcare professional.
- 2) Following the internal inquiry, the General Counsel's office will notify the representative by email, with a copy to the District and Regional Manager, and advise the representative whether to make further calls or any other steps that may be deemed appropriate.

* These numbers may change based on experience gained after institution of this SOP.
